WINTER WONDERLAND IN ZLATNA GREDA

Location: Kopacki Rit Nature Park, Eco Centre Zlatna Greda

Group size: up to 16 people

Programme duration: 5 - 6 h

Time period to implement the program: 01.11. - 31.03.

Necessities: Waterproof, sealed and warm clothes, trekking shoes, a backpack or soft bag, binoculars and camera

Introduction

Winter in Kopacki Rit provides ideal conditions for observing wild animals - the vegetation is scarce, it is easy to identify animal tracks, see young wild boar with its mother, white-tailed eagles nest, deer and does worm them selves gathered in herds. In addition to beauty of frosted nature, a special atmosphere of the Eco Centre Zlatna Greda will warm up your heart when you warm yourself up in a wooden gazebo by open fire. In addition you can enjoy authentic specialities while resting comfortably by the crackling fire.

Programme Description

Gathering and the beginning of the programme is in Eco Centre Zlatna Greda. With the necessary equipment, we bring the refreshments; mulled wine, coffee, tea or schnapps. With our experienced guide we are on the way. Depending on weather conditions and water levels we wonder through winter wonderland through a variety of forest roads, we meet wild pigs, under the eagle's nest. Hiking by the Vemeljski dunavac we come to the Danube, where we rest and refresh ourselves enjoying the view of the "Great River of the Dannube". Circular paths return to the warmth of the Eco Centre, where it is possible to organize a lunch under the gazebo (barbecue, fish stew, shepherd's stew or beans...).
